Note:

The city will pay additional mobilization* under item SUP 12 only for the following situations:

1. If the final project construction cost plus additional mobilization fee does not surpass \$10,000, then the total bid price for mobilization will be applied.
2. In the event where the final project construction cost plus the additional mobilization fee is greater than \$10,000, the additional mobilization fee will be adjusted so that the total payout amount is \$10,000.
3. Individual Task Orders can be lumped together as one Task Order if the project sites are no more than 5 city blocks apart from each other. In the event that the sum of the construction cost for all project sites is less than \$10,000, then item 1 will apply to this condition.
4. For Task Orders with multiple sites where one or more of the sites is more than 5 city blocks apart from each other and the sum of all the sites is less than \$10,000.
5. For emergency Task Orders where the Project Manager requires immediate mobilization (within a 24 to 48-hour period) by the contractor.
